

TERMS IN PRISON FOR HIGHWAYMEN

Negroes Who Robbed Newport
News Man Get Ten
Years Each.

[Special to The Times-Dispatch.]
Gloucester, Va., January 10.—The Circuit Court of Gloucester, after being in session the entire week, closed this evening. The case of greatest interest was that of the Commonwealth vs. Columbus Jackson and Walter Thomas, colored, for highway robbery of G. S. Fary, of Newport News, on November 16. Fary, who was a former resident of the county, came to Gloucester in November to purchase a burying lot in Providence Churchyard. On the evening of November 15 he was in Albert Tallaferra's store at Ordinary and in paying for a purchase he displayed a number of bills. Mr. Tallaferra told Mr. Fary it was not wise to walk through the country. In spite of this warning, Fary left the store after dark on the lonely walk to his home. He was followed by the two colored men in the store, knocked down, choked and the money taken from him.

The sheriff and Commonwealth's Attorney Smith were on the case early next morning. They secured the rubber boots of the two suspected men and found they fitted in the tracks made in the sand at the scene of the robbery. Mr. Fary had said that the men wore heavy rubber boots, and one had a top on it. This fact went a long way toward the conviction of the men. The jury brought in a verdict of "guilty" against both men ten years in the penitentiary.

Humphrey Yates, colored, was convicted of stealing money from the safe of Mr. Mitchell at Woods Cross Roads. Yates, a trustee from the penitentiary, pleaded guilty and threw himself on the mercy of the court. The judge sentenced him to ten years in the penitentiary. Yates declared he would ask for justice next time, not mercy.

COUNCIL DRAFTS FRANCHISE.

Expects Several Bidders for Electric Plant.

[Special to The Times-Dispatch.]
Williamsburg, Va., January 10.—The City Council last night voted upon a franchise for an electric light and power plant. The franchise is considered very liberal and there may be a number of bidders. The Council also passed a resolution to the effect that the Council have the right to hold a special election of Mayor and Council, owing to the fact that the Williamsburg election had failed to hold the regular election last June. The preamble to the resolution sets forth the fact that there exists some doubt as to the legality of the present body, only one Councilman ever having been elected by the direct vote of the people. The present Council and Mayor are hold-over officers, Mayor Warburton and J. E. Wolfe, president of the Council, being the only ones ever elected.

The City Council granted the Chesapeake and Ohio Railway Company the right to lay a spur track from its present side track at the depot to the Williamsburg Knitting Mill warehouse for the accommodation of W. A. Bozarth, who will immediately open a wooden box factory there. The new enterprise will employ a number of hands, and the product of the factory will be shipped to other points.

Dr. W. P. Clark of the William and Mary faculty, and J. F. Barnes and Clarence Jenkins have returned from Kansas City, where they went to attend the Students' Volunteer Convention. They received the William and Mary M. C. A.

Dr. James Southall Wilson, of Williamsburg, has been recommended by the board of visitors for election as the college member of the State Board of Education.

The uses to which the parcel post is being put by farmers living on the Eastern Shore have been recorded in the Williamsburg post-office was the shipment yesterday of fifty-two pounds, and in order to make it admissible to the mails, the box was packed separately.

The total postage was 25 cents.

"A Secret that Has Taken 10 Years from My Face"

Valeska Suratt, the Jewell of the American Stage, Gives Secrets of How
Startling Results Can Be Secured
in Acquiring Beauty.

By Miss Valeska Suratt.

WHEN a person can actually see in her face a marked change to youthfulness, after a few weeks' treatment for wrinkles, the difference is almost too good to be true. How much more evident than this is the difference to other people. This is the refreshing experience which I had when I first made up my mind to cast off from the ordinary wait-forever pretensions which I had previously been using and to endeavor to find my own solution to the question of quick action.

What the result has been, those who will try the following method and formula will quickly realize. Lines of age, myriad of small wrinkles, which can hardly be seen but which produce the appearance of age, deep wrinkles, the sagging of flesh, three years bring are removed in a very astonishing way. The flesh is made to look youthful, it becomes plump, girlish, and the imprint of years disappears.

"It Would Seem as Tough a Magic Wand Had Been Used to Make the Wrinkles Disappear."

In half a pint of hot water dissolve two ounces of epsom, which you can obtain at drug stores for not more than fifty cents. Stir until it starts to cream, add two tablespoonfuls of glycerine and stir until cold. This will not grow hair. Use it liberally and a surprise will surely be in store for you.

AMELIA T.—I would throw that switch in the waste basket. You say your hair is terribly thin and scraggly. Use the following formula and in a short time you will actually be able to make almost as much new hair grow as is now contained in the switch. Of this I feel absolutely sure. It is the most remarkable hair grower I have ever known. Mix half pint of alcohol and half a pint of water (or use) and in this put one ounce of betula quinquifolia, which will cost not more than fifty cents at the drug store. Mix thoroughly and apply. Use liberally. Use it often.

SPOTTY—I certainly would not use the skin-bleaches you mention. Most face-creams, however, merely soften the skin and do not really remove the spots. This is because they nearly all contain the same base. Any woman who has used the formula given below, realizes its almost magical result in removing all red spots, muddiness, roughness and sallowness. The skin loses all impurities and takes on an exquisite pink white color, absolutely spotless. You could not get anything better in this world.

With a half-pint of hot water mix two tablespoonfuls of glycerine, and while stirring pour in one ounce of salicylic acid, obtainable for not more than fifty cents at any drug store. When cool it makes an exquisite satiny cream and is ready to use. Apply at night and morning. Use it very liberally.

SALOME—Rust development may surely be restored in a splendid manner and very promptly by taking two teaspoonfuls three or four times a day, of a mixture of half a cup of sugar, two ounces of rufoene and half a pint of cold water. All the rust will be solved. It is a safe mixture and there is nothing to equal it. The rufoene will cost a dollar at drug stores.

IDA O. B.—Ordinary shampoo, as a rule, have not the necessary cleansing properties to make good head washes. Mere soap and water usually leave a greasy film on the scalp, no matter how frequent the rinsing. If you will dissolve one teaspoonful of eggol in half a cup of hot water you will have the finest latherly scalp cleanser, scurf and dandruff remover, and hair fluffer you have ever used. Eggol will cost not more than twenty-five cents at the drug store and this will last you for at least twelve shampoos.

AUGUSTA—In regard to the use of the nuvoe or hair removers advertised, I would say positively no. Dissolving the hair is the only safe way, and the only thing that does this satisfactorily is to use simple sufo solution on the hair to be removed. It never leaves a spot, never irritates, leaves the skin soft and works almost like magic. Simple sufo solution will cost a dollar at drug stores.

MISS QUICKLY—You can keep itching out blackheads and taking blood tonics as long as you live, but you will never get rid of them that way. There is only one thing to do. You will be able to get rid of them in only a few minutes by simply sprinkling some neroxin on a hot-wet sponge and rubbing it on the blackheads. Neroxin will cost you fifty cents at the drug store. The result is very remarkable.

MARGARET T. L.—Creams are useless in trying to get rid of pimples. Simply dissolve twelve ounces of granulated sugar and one ounce of salicylic acid in a pint of water. Of this take three or four teaspoonfuls three or four times a day. Get the salicylic acid from the drug store by the ounce in the original package. The effect of this sufo solution is truly wonderful.

NEWS OF SOUTH RICHMOND

WANT WIRES UNDERGROUND

Complain That Surface Communications
Make Hull Street Unpleasant.

Complaints are being made by South-side citizens against the telephone wires strung along Hull Street, which gives it an unsightly appearance. The city will be asked to pass a special ordinance asking that conduits be built under ground. There is an ordinance of this kind in Richmond, which compels the telephone and telegraph companies to run all wires underground on the main streets except trolley poles.

Hull Street is the main thoroughfare on the Southside, and it is felt that the elimination of the poles and wires would add greatly to its appearance. The Chesapeake and Potomac Telephone Company of Virginia has been considering this move without waiting for an ordinance to be passed. The American Telephone Company, whose offices are in South Richmond, have no wires on Hull Street, but route its lines out Tenth Street.

Work on the repaving of Hull Street from the Mayo Bridge to Seventh Street is progressing rapidly.

Elks Change Meeting Dates.

A change has been announced in the regular meeting dates of Manchester Lodge, No. 843, Benevolent and Protective Order of Elks. Instead of every week as formerly, the lodge will now meet on the first and third Thursday of each month. Several important matters will be taken up at the session on Thursday, and all members are requested to be present. The annual election of officers will be held on February 1.

Sent to Roads.

Robert Dorsett and Paul Griffin, colored, were sentenced to ninety days each on the county roads by Justice Maurice yesterday in Police Court, Part II, on the charge of being vagrants. They were found in the Atlantic Coast Line yards.

Baraca Class Organized.

The first meeting of the Baraca Class, which was organized on Friday night in the home of Rev. F. G. Smith, pastor of Weatherford Memorial Baptist Church, will be held this morning. Officers elected were: E. G. Davis, president; H. Snellings, vice-president; James Clay, secretary; and George Roberts, treasurer. A supper was served after the meeting.

To-Day in Southside Churches.

"The Key to the Gospel" will be the subject of the sermon to be preached by Rev. W. A. Cooper this morning in Central Methodist Church. At the evening service he will speak on "The Christian Ideal of Manhood," a subject of special interest to young people.

Rev. John C. Scott will preach at the services this morning at 11 o'clock in Memorial Episcopal Church.

"The Relationship of Father and Son" will be the subject of a special sermon to be preached this morning in Bainbridge Street Baptist Church by Rev. John W. Kincheloe.

In Asbury Methodist Church Rev. J. R. Eggleston will preach this morning on "The King's Business." His evening subject will be "When Woman is Not Worth a Peck of Salt."

At the morning service in Cowardin Avenue Christian Church Rev. F. Wayne Long will preach on "Jesus and Thy Daily Work." His subject to-night will be "The Vineyard of the Slothful."

Rev. B. W. N. Semmes, of Washington, D. C., will occupy the pulpit in Stockton Street Baptist Church to-day at both services.

Personal Mention.

Mrs. R. S. Loving, of Woodland Heights, who has been ill for several weeks, is now able to see her friends. Mr. and Mrs. Clarence Hinna and son have returned to their home in Roanoke, after visiting the former's mother.

Captain James A. Lipscomb has recovered from his illness, and resumed his duties at the Third Police Station yesterday.

Miss Margaret Fitz, of Petersburg, who has been visiting Miss Glens Lovell, has returned home.

Miss Dorothy Rudd, who has been ill with typhoid fever, is able to be out.

RICH TAX DODGERS MOVE TO DISTRICT

Congressman Borland Says
Washington Is Paradise for Mil-
lionaires to Escape Taxation.

[Special to The Times-Dispatch.]
Washington, January 10.—Representative Borland, Missouri, charges that the District of Columbia is the paradise for millionaire tax dodgers. He says

any Congressman can name a dozen such millionaires who have come to Washington to escape taxation on their wealth invested in securities.

He has drafted a bill to be introduced on Monday in the House, making it possible for the District authorities to impose the normal tax of 15 mills on all those claiming residence in Washington.

Such a tax would reach the fortunes of the heirs of Levi Leiter, Lars Sanderson, Mrs. George W. Pullman, Chicago; Mrs. Marshall Field, Chicago; Mrs. Robert Patterson, Chicago; Perry Belmont, New York; the late Mayor Reuburn, Philadelphia, and others.

"These estates and fortunes now escape taxation where the investments are made, and escape taxation here under the District law, which does not impose tax on intangible property," said Mr. Borland. "A flagrant case is that in connection with the estate of Levi Leiter," he continued. "Mr. Leiter made his money in Chicago and other places, certainly not in Washington, and that wealth should be taxed in Chicago or somewhere. It escapes taxation here, and foreign lorships are fighting in the courts in this District for shares of that wealth. Lord Curzon, former English viceroy to India, married a daughter of Mr. Leiter, and the inheritance from the estate of Levi Leiter to the children of Lady Leiter are involved in the court proceedings."

The District of Columbia government should get some revenue through taxation from these great estates, just as the different States, and the burden of taxation will not fall so heavily on the merchants and small householders of Washington."

[Special to The Times-Dispatch.]
Lynchburg, Va., January 10.—Judge Henry C. McDowell, of the United States District Court, on Monday, at the beginning of the regular sittings of the court in Staunton, will hear an application for a writ of habeas corpus, by which it is expected to release five Federal prisoners from the Staunton jail, to which they were transferred after their arrest a short time ago on the Virginia-Kentucky border.

The prisoners are Dave Hall, Tom Riddle, John Hall, Hunt Hall and Holman Hall, who were arrested on the charge of being implicated in a shooting on the Kentucky border. The petition for the writ will marshal the claim that the men were arrested by a deputy United States marshal from Kentucky, the arrest being made inside the State of Virginia, and for that reason, it is charged, the arrest was not legal, and the prisoners have no right to be detained in a Virginia jail, to which they were brought without extradition and without their consent.

While it is maintained by counsel for the prisoners that the arrest was made in Virginia, it is understood the Federal authorities maintain that it was inside Kentucky, and that if the arrest was made in Virginia, it was so near the State line that the deputy marshal thought he was within his authority.

Judge McDowell issued an order setting the petition for 12 o'clock Monday, and the prisoners probably will be brought to court from the Staunton jail.

SHOOP IS ACQUITTED BY JURY AT WISE

[Special to The Times-Dispatch.]
Wise, Va., January 10.—The jury in the case of the Commonwealth against Orval Shoop, a white man of twenty-two years, for assault on the ten-year-old daughter of James Dingus, white, of Appalachia, returned a verdict of not guilty, after being out five minutes. Two eyewitnesses—Henry Hodge and his wife—to the alleged assault testified, but the defense produced evidence to impeach their evidence. Orval Shoop was defended by Judge E. M. Fulton and R. P. Bruce and prosecuted by W. W. G. Dotson.

The case is now on the case of the Commonwealth against Nath. Engle, for cutting James Taylor, a conductor on the Roaring Fork train, at Pardee last summer.

Nath Engle is said to have been intoxicated, and to have made a disturbance on the train. The conductors, James Taylor—is said to have used abusive language, and to have given Engle a thrashing with the aid of his trainmen.

Engle is defended by Attorney A. V. Kilgore, of Norton, and prosecuted by Commonwealth Attorney W. W. G. Dotson and R. P. Bruce.

HAIR STOPS FALLING, DANDRUFF DISAPPEARS—25 CENT DANDERINE

Save your hair! Make it soft,
fluffy, lustrous and
beautiful.

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes—but really new hair—growing all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; any remarkable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any hair that it has been neglected or injured by careless treatment—that's all—Advertisement.

Claim That They Were Arrested
in Kentucky and Jailed
in Virginia.
